

**UNIVERSITY OF SOUTH FLORIDA SARASOTA-MANATEE  
UNIT ASSESSMENT REPORT  
2013-2014**

<b>UNIT:</b>	<b>Florida Institute for Healthcare Quality Management</b> (Dr. Robert Anderson)
<b>MISSION:</b>	The mission of the Florida Institute for Healthcare Quality Management is twofold. First, is to educate participants in the healthcare delivery system on how to develop, implement, measure, and economically evaluate outcomes. The second component of the Institute’s mission is to assist in the analysis, development, and evaluation of health care policies, both governmental and private.
<b>2012-16 USFSM STRATEGIC PLAN GOALS:</b>	<p><b>GOAL 1 ACCESS:</b> Expand access to a University education that benefits students and the local, national, and global community. (Aligns with USF System Goals 1,2,3,4,5; State University System of Florida Goals 2,3)</p> <p><b><u>Teaching &amp; Learning</u></b>  (1a.) Expand academic programs in distinctive areas related to the Suncoast's needs and strengths and across disciplines, when feasible, including the ability for students to complete the full four-year bachelor's degree.</p> <p><b><u>Scholarship, Research, and Innovation</u></b>  (1b.) Promote innovative scholarship and community-engaged research.  (1c.) Seek <b>external funding</b> from public grants, private foundations, and individual donors.</p> <p><b><u>Public Service &amp; Community Engagement</u></b>  (1d.) Partner with a variety of organizations and stakeholders, including the USF System.  (1e.) Build a University living and learning community, including residence halls, academic buildings, and student life facilities.</p> <p><b>GOAL 2 SUCCESS:</b> Enhance success of student outcomes, faculty productivity, and community impact (Aligns with USF System Goals 1,2,4,5; State University System of Florida Goals 1,2).</p> <p><b><u>Teaching &amp; Learning</u></b>  (2a.) Produce continuous improvement in student outcome measures, including retention and graduation rates and student career results.  (2b.) Earn professional accreditation and recognition, including AACSB and NCATE.</p> <p><b><u>Scholarship, Research, and Innovation</u></b>  (2c.) Track and promote faculty-developed measures of scholarship.  (2d.) Identify student success predictors.</p> <p><b><u>Public Service &amp; Community Engagement</u></b>  (2e.) Earn recognition as a Carnegie Community-Engaged University.  (2f.) Track and share the value of the University's and graduates' economic and societal contributions.</p>
<b>UNIT GOALS:</b>	1. To make a significant contribution to the State of Florida’s present medical care system as it evolves into an efficient, cost effective, accountable health delivery system. (Aligns with USFSM Goals 1b, 1c, 1d)

OUTCOMES	Unit Goal	Means of Assessing Outcome	Assessment Data	Plan Resulting from Analysis of Assessment	Vice Chancellor's Response (Dr. Terry Osborn)
Outcome 1: Public and private funding secured to initiate the Center.	1	Secure public funding from the State of Florida in the amount of \$1.5 million.  Partner with the Florida Chapter of the World Presidents Organization (WPO) to raise \$1.5 million in private funds.	USFSM did not prioritize the funding for the Center this Legislative session. Students did not enroll in healthcare courses offered.	USF's College of Public Health in Tampa has agreed to take administrative responsibility for this institute in 2014-15. It will no longer be housed at USF Sarasota-Manatee.	A good leveraging of USF System resources to move the Center to the College of Public Health in 2014-15.

**Chancellor's Response** (Dr. Arthur Guilford): We were not able to move this Center forward as we had anticipated. I would like to see continued work with the College of Public Health.
