Chancellor’s Response (Dr. Sandra Stone):

Great job in transformation of the Learning Commons! Students appear to enjoy the space and it seems to be well-utilized. I hear much positive feedback from students about the space, services, and staff. It is critically important that we figure out how to resolve our issues with Cook Library so students can get optimal use and services from both places. We also need to determine how we can best serve our students who are taking courses online, and this will become increasingly important as our online offerings increase.
